

Enthusiastic? Yes.

YOU'D possibly think us over-enthusiastic if we told you all we thought of our new Fall Lines. Told you about the Nifty Browns, the Classy Styles, their perfect modeling, etc.

Frankly though, their smartness entitles them to something out-of-the-ordinary in the way of description. But, come in—see for yourself, then you'll readily understand our enthusiasm. And get this point, we welcome the man who is "just-looking."

CLUB SEASON IS NOW UNDER WAY

Women's Organizations Hold First Meetings.

ALL INTERESTING PROGRAMS
Hostesses Entertain in Charming Manner.

Advance Club Meets With Mrs. G. E. Mouser—Woman's Club is Delightfully Entertained—Research Club Has Interesting Session—News of Local Society.

The members of the Advance club met Monday afternoon for the first meeting of the club year. The hostess on this occasion was Mrs. G. E. Mouser on east Church street.

The guests assembled about three o'clock and spent the first half hour exchanging greetings and reminiscences of the club vacation. The topic for this year's work is "Notable American Women and Their Times." After the roll call, Mrs. R. M. Brown pleased her hearers with a piano solo. Mrs. Mouser the club president greeted the members with well chosen words after which a phase of the club topic was discussed by Mrs. C. E. Strong. The theme was "The World's Greatest Heroine—Mother" and her remarks touched the sympathy of all her hearers. Mrs. K. H. Marshall gave an interesting reading conforming with the topic of the day.

At the close of the program a short business session was held, during which arrangements were made to send Mrs. G. E. Frank as delegate to the meeting of the State Federation of clubs at Oberlin.

At five a dainty tea was served by the hostesses, over which a happy social time was enjoyed.

The club will meet again in two weeks at the home of Mrs. E. Un-

capner. The Research club held its first meeting of the new club year yesterday afternoon at the home of Mrs. W. J. Myers on Mt. Vernon avenue. Cut flowers in the pretty shades of the late fall bloom were arranged attractively about the rooms for this meeting. After the members had assembled and greeting had been exchanged, the program was carried out, presided over by Mrs. T. E. Day, the club president for this year. Roll call responses were miscellaneous quotations, after which Mrs. Day greeted the members formally, with "Let me have audience for a word or two." She spoke encouragingly of the work for the coming year, and expressed the wish that benefits of the work might exceed those of the preceding years. The subjects for the study of this year are History, Literature and the Arts of Holland, Miscellaneous Subjects and Current Events. Mrs. W. J. Myers gave the first discussion of the study of Holland. Her theme was "The Netherlands of Yesterday and Today," and the speaker contrasted the Holland of a few years ago to the advanced and progressive one of the present period. Mrs. Myers was unusually interesting and was thoroughly appreciated. Mrs. W. H. Hinkley spoke on the National Characteristics, in which she depicted vividly habits and customs of the nation and people. Mrs. W. H. Pöhler sketched the lives of William the Silent and Count Egmont, two of Holland's greatest historical figures. She gave a brief biography showing the influences of their lives and deeds on the destiny of Holland.

At the close of the program the ladies enjoyed a social hour, during which club intimacies were renewed after the summer vacation.

The club will meet in two weeks with Mrs. J. B. Virden on St. James street.

Mrs. S. E. Barlow offered the hospitality of her east Center street home to the members of the Woman's club for their first meeting of the year, which proved delightful in every

particular.

Nearly all the members were present at this time and responded with reminiscences of the summer vacation as each name was called. Mrs. Jonas Conklin, the president, formally greeted the members and spoke briefly regarding the year's work, after which Mrs. Charles Allen gave the first of the discussions on Greece, the topic of study for the year. The speaker gave a geographical description of the country preparatory to the further line of study. Mrs. Fred Guthrie gave her personal experience of the journey "From Patras to Athens" and greatly interested her hearers.

Following the program the hostesses presided at tea.

The Missionary society of the First Baptist church will hold a regular meeting in the parlor of the church Wednesday at 2:30 o'clock. A large attendance is desired as officers will be elected.

PERSONALS

Attorney John D. DeGolley was in Gallon Monday.

John H. Bartram was in Toledo today on business.

Miss Ona Dye visited with friends in Upper Sandusky Saturday and Sunday.

W. J. Smalley, Forest Engle and Mark Tracy, of Crawford, spent Saturday in Marion.

Miss Clara Courtad, of east of town, and Miss Rose Fleck, of Upper Sandusky, returned Sunday evening from a visit with Marion relatives.

George W. Thompson has sailed for Europe to spend 18 months completing his course in forestry in Holland, Germany and other countries. Mrs. J. B. Ruhl of Salina, Kansas, who has been the guest of her sister Mrs. Edward Clark, for some time left this morning for Dayton where she will visit relatives.

Mrs. B. Gorler and Mrs. Fred Beck and daughter Miss Helen Beck have returned to their home in Springfield after being the guests for a few days of Mr. and Mrs. Leo Schoeche and family of Bellevue Ave.

BOGUS COUNT FOOLS MAYOR

Traveling Man Makes Monkeys of Prominent Men.

By United Press Wire. Minneapolis, Minn., Oct. 4.—The whole town is today laughing at Mayor James C. Haynes, J. D. Holtznerman, rich German leader of the city, and a number of city officials and other prominent men who dined and wine-d "a German count" who turned out to be a linen collar salesman.

E. T. Von Buelow, of Troy, N. Y., was the recipient of the honors. E. T. Fay, hotel clerk, friend, had remarked on Von Buelow's likeness to the famous German councillor.

"Bet you \$10 I can pass myself off as his relative in this city," said the drummer. Fay took the bait. Von Buelow then registered as "Count," got himself interviewed by reporters and settled back to wait for honors. For four days he was the idol of the city. First Mayor Haynes fell. He banqueted the "count." Then Fred Williams, the mayor's secretary, took the "count" on an automobile tour of the city. Then Holtznerman heard of the "count" and entertained him. At the football game Saturday the "count" sat with the city officials in a box. Saturday night the "count" spoke at the Minneapolis Commercial club where he heartily endorsed the boy scout movement and told of its spread in Germany. The "count" is now in Duluth selling collars. He won his \$10, although he was never in Germany in his life.

A plea of not guilty to an indictment charging murder in the first degree was entered at New York today by E. J. Rosenheimer, the wealthy manufacturer, charged with causing the death of Grace Hough while "recklessly driving" his automobile. Rosenheimer is held in default of \$50,000 bail.

INTEREST CENTERS IN THE HEARING

Troubles Will be a Given Thorough Airing.

BRIEF HISTORY IN THE CASE
Final Chapter About to be Written.

Wednesday the School Board Will Endeavor to go to the Bottom of The Trouble in the Board of Examiners.

A great deal of interest, locally, centers in the hearing which will be held Wednesday evening by the board of education, relative to the troubles which have been existing in the board of city school examiners. This meeting will be held in the board room at the High school building and will doubtlessly prove quite interesting.

The history of the case is quite lengthy and is probably familiar to every person in the city who has followed the school situation at all close. Mr. Longbon was named a member of the examining board in place of W. R. Waddell, who resigned because he was leaving the city. In the examinations in which Mr. Longbon participated an unusual number of applicants were failed and it became noised about that favoritism was being shown, or rather that some of the applicants were being discriminated against. Another examination was held and a still greater percentage of the applicants failed to secure certificates. Charges of discrimination were more freely made and a communication was sent by the board of examiners to the board of education in which it was stated that there were differences existing in the board which rendered it useless for any more examinations to be held under the then existing conditions. The school board then sent a communication to the board of examiners requesting that the board as a board complete all lists of questions and grade all papers. Another examination was ordered and advertised. Then came a very informal hearing before the board in which all of the examiners appeared and stated the various aspects of the situation.

The examinations came on and in it C. Brown and John H. Clark, the two members of the board of examiners, with Mr. Longbon, used the steam roller and notified the applicants that they were to disregard the lists of questions which had been prepared by Mr. Longbon.

In the meantime, two of the applicants who had failed in both examinations in which they claimed they had been discriminated against, had taken the evening examination and received excellent grades. They had been engaged to teach in the Marion schools and the time for the opening of school was rapidly approaching. These two gentlemen petitioned the board of city examiners to grant them certificates on the grades they had received in the evening examination. The majority of the board granted this request and issued certificates for one year, and the board employed the two men.

Seeking to place themselves right before the patrons of the schools before they began work, these two gentlemen went to Bucyrus and there took the examination given by the city board of that city. Each secured a five years' certificate and these under the law must be recognized by the Marion board of education.

The school board then determined that a thorough investigation should be made of the conditions existing in the board of city examiners and the date for this inquiry was fixed for October 5.

It is understood that Mr. Longbon will be represented at the hearing by an attorney and that the legal talent on the school board will look after the other end of the controversy. The hearing promises to be quite largely attended and to develop some very interesting situations.

HUSBAND DIES IN DUEL WITH WIFE

By United Press Wire. Lake Charles, La., Oct. 4.—According to testimony before a coroner's jury today, Mrs. Temple Smith, wife of Dr. Temple Smith, president of the board of health, killed her husband yesterday, following an agreement with him to fight a duel.

Witnesses testified that Dr. Smith had a loaded revolver which he when the shooting occurred but said the woman got her weapon into action first.

As he fell, Smith is said to have cried: "For God's sake finish me. It was a fair fight."

Mrs. Smith is held on a charge of manslaughter as a result of the finding of the coroner's jury.

LIQUID CURES ECZEMA WHERE SALVES FAIL

In regard to skin diseases, medical authorities are now agreed on this: Don't imprison the disease germs in your skin by the use of greasy salves, and thus encourage them to multiply. A true cure of all cutaneous diseases can be brought about only by using the healing agents in the form of a liquid.

WASH THE GERMS OUT. A simple wash, a compound of Oil of Wintergreen, Tannin, and other ingredients, as combined in the D. D. D. Cream. This penetrates to the disease germs and destroys them, then soothes and heals the skin as nothing else has ever done.

A 25c trial bottle will start the cure, and give you instant relief. Schmidt & Co.'s Pharmacy.

PRESBYTERIANS MAKE PROTEST

Adopt Resolutions on Statement of Priest.

SAY PROTESTANT PROGRESSIVE

Father Vaughan Speaks Against the Religion.

Says Catholicism is Only Hope of United States—Presbyterians Claim History Shows to the Contrary. Say Vaughn Holds Usual View of Foreigner.

New York, Oct. 4.—The public declaration of Father Bernard Vaughn, the noted British priest, that Protestantism leads to paganism and that the hope of the future of the United States rests entirely with the Catholics, was bitterly resented by Rev. Dr. S. Edward Young, pastor of the Bedford Presbyterian church in Brooklyn today. He stated that Father Vaughn was mistaken in his conclusions and made the "usual mistake" of foreigners visiting this country of making up his mind regarding conditions "without careful investigation."

"That the Presbyterians of Greater New York are unanimous in condemning the attitude of Father Vaughn is shown by their adoption of the following resolutions," said Rev. Young today. "They were adopted at the regular meeting of the association and state explicitly the attitude of our church."

"Resolved, that this association repudiates the statement quoted by the Rev. Father Vaughn in this city to the effect that Protestantism in America is dying and combats his assertion that Catholicism is the only hope of the American republic. In an hour when we desire the fullest cordiality of Catholics and Protestants toward each other, we would merely mention Father Vaughn's utter unfamiliarity toward American conditions—being a foreigner and having arrived here but two days ago—and we would cite as samples of Roman Catholic influence in elevating countries where that church has long had absolute domination, the conditions in Spain and France, and South American nations, and in Italy, until Mazzini and Victor Emmanuel secured civil liberty and ushered in the modern and better Italy by fighting and triumphing over the papal power.

"Our nation was born a Protestant nation, several of the original thirteen colonies being exclusively Protestant and has attained its present high place as a Protestant nation, and until the Roman church can cite some nation that has arisen under Catholicism as rapidly and gloriously as ours Father Vaughn's pronouncement needs no refutation."

SAILORS' JAG IS CAUSE OF DEATHS

It Believed Seamen's Hilarity Brought Their Undoing.

By United Press Wire.

New York, Oct. 4.—The naval board of inquiry that is investigating Saturday night's Hudson river tragedy in which it is now believed twenty-five sailors from the battleship New Hampshire were drowned while returning to the ship from shore leave, will in all probability report that the hilarious spirits of the sailors were alone responsible for the overturning of the launch. The board was expected to complete its work today and at once send its findings to the navy department at Washington.

None of the bodies of the New Hampshire victims has yet been recovered. Fourteen of the missing sailors have reported, which cuts down the list of probable dead to twenty-five.

Midshipman Chevalier, the hero of the tragedy, by reason of his work in effecting the rescue of a dozen of the men, will be the last man called before the board of inquiry. Chevalier is nearly a nervous wreck from his harrowing experience. A medal of honor will likely be given him.

The Hudson river squadron began breaking up today, the Mississippi being the first to weigh anchor. The New Hampshire, Kansas and Louisiana will leave Friday.

MORGAN SLEEPS IN COSLY BED

Great Organizer Comes To Cincy in Great Pomp.

By United Press Wire.

Cincinnati, Oct. 4.—J. Pierpont Morgan arrives today as a deputy to the triennial convention of the Protestant Episcopal church, which convenes here tomorrow. The financier will be accompanied by all his household servants for during the twenty-one days of the convention Morgan is to occupy the home of the late Alexander McDonald, Standard Oil magnate, the most magnificent mansion in Cincinnati. Louis Sherry, the New York caterer, will have charge of the house while Morgan lives there. He has brought on his chef and cooks. Morgan will entertain at his temporary Cincinnati home numerous
